About me

I am Kailash Chand, currently pursuing a Bachelor's degree at Himalaya College of Engineering (HCOE), Tribhuvan University. I am in the learning phase and actively developing my technical skills while exploring new technologies. I am motivated to learn, improve, and apply my knowledge through practical experience.

Experience

- Currently in the learning phase, gaining hands-on experience through academic coursework and self-practice.
Worked on small projects and exercises using HTML, JavaScript, React, Python, C, and C++.
Practiced writing clean, structured, and readable code while solving basic programming problems.
Continuously exploring new technologies and improving problem-solving skills.

Career Objective

Motivated Bachelor's student at Himalaya College of Engineering (HCOE), Tribhuvan University, currently in the learning phase and eager to explore new technologies. Seeking opportunities to gain practical experience, improve technical skills, and contribute positively while continuing to learn and grow.
